June 11, 2019

Federal Communications Commission

In the matter of Request for Review by Pelican Communications, Inc. of Decision of Universal Service Administration Filer 499 ID: 812887 2014 Revenue FCC Form 499-A Telecommunication Reporting Worksheet

Pelican Communications, Inc. is a payphone provider. An annual 499-A worksheet is filed every year with all filing representing 10% interstate revenue. The 2014 revenue was erroneously filed at 100% interstate revenue. A corrected 2014 499-A was filed, but rejected due to being approximately 2 weeks late. All subsequent filings have been filed correctly.

As of June 11, 2019 USAC recommended Pelican Communications, Inc. submit a request to accept an out of period revision for the 2014 499-A revenue reporting.

Thank you
